

ASDS2022:
Soil Health, Plant Health & Global Health
Hilton Cairns, 2nd - 5th August 2022

SAVE THE DATE

We are pleased to advise that the Australian Soilborne Diseases Symposium is being held **2nd – 5th August 2022** at the Hilton Cairns. With the postponement of the symposium from 2020 we are excited to be able to announce the new date and open abstracts. The theme of the meeting will be “Soil Health, Plant Health & Global Health. We look forward to seeing you.

ABSTRACT SUBMISSIONS OPEN

We are happy to announce that abstract submission for the conference is open. Please note that all abstracts are to be submitted online only.

This will be an *in-person* symposium* with limited international on-line attendance.

Abstracts submitted must be original and not presented or published elsewhere. They should be no more than 300 words in length.

Abstract themes:

- Biosecurity/Modelling/Climate Change
- Communication, extensions and engagement
 - Breeding and genetics
 - Soilborne disease and farming
- Agricultural microbiomes and pathogens ecology
 - Diagnostics, new pathogens
 - Soilborne Innovations
- Integrated disease management and agronomy

Abstracts will be considered for both oral and poster presentations. This decision will be made at the discretion of the program committee based upon relevance, contribution to soilborne diseases.

To submit an abstract, please click on the below button

* The in-person meeting will depend on federal and state restrictions, but contingencies have been made should restrictions not allow gatherings or travel.
